SINCE 1981. ONE INSTINCT.

Music for the moment - and the memory.

DJ XTC - Neal McFarlane - began on belt-drive turntables, crate-digging through funk, soul and disco. Today, The Old School Guru is an open-format DJ, mixshow host, educator and radio personality serving audiences from the Greater Toronto Area to the Caribbean and beyond.

His strength is not simply knowing more music. It is knowing what the room needs next. Deep vinyl knowledge, cultural fluency and 45 years of live experience let him move naturally between eras, genres and generations without losing the story of the set.
